

*Faith, Academics and Service in a Christ-Centered, Family Environment.*

## 2019 Annual Report

### Mission Statement

As Disciples of the Lord, we strive to strengthen our Catholic faith by deepening our relationship with Jesus Christ through love, prayer and service.

### Vision

Academic excellence and spiritual growth provide the foundation upon which Holy Redeemer School empowers students to develop to their fullest potential as they become productive, responsible, faith-filled citizens in a global and ever changing society.

### Philosophy

We strive to live as Jesus would want us to live by providing a Catholic environment where all may learn and grow academically and spiritually.

Families and Stakeholders-

The 2019-2020 school year has come to an end and as we wrap up the end of the year I want to take the time to thank all for your continued support and involvement at Holy Redeemer School. It truly takes a community to keep HRS alive and well. This year brought about a lot of highlights and challenges, but overall I would call the year a success.

The school year got off to an interesting start with some delays in our remodeling causing us to delay the start of the school year by about a week. This was well worth the effort as we have been able to enjoy some amazing sunlight, more efficient heating and cooling, along with some really nice improvements to the infrastructure. I know we would all agree that these are some amazing improvements to our building. We continue to look to the future of the building and how to continue to keep the building in the best condition possible. This summer you will see some minor landscaping to the exterior of the building which will naturally make the place look nice, but more importantly help with water shed from the foundation of the building. We will also do some minor painting in the hallways upstairs to fix some outdated paint jobs. Beyond this, we will be using the eighth grade carnival money to work on updating the sound system in the chapel. The little things go a long way.

This year our religion curriculum was up for evaluation. We formed a committee of teachers to take time looking at various curriculum samples. This is a great time to really look at the standards and find the curriculum that will best meet the needs of our students. I empowered each grade level to find what best fit their needs and assist the students in the growth of their faith.

We look forward to the changes to the upcoming school year and are always looking to find ways to offer the best we can for all the students who attend HRS. We will transition away from spanish as a class, with Mrs. Chace taking a job closer to family. I am excited to see the addition of the K-4 STEM program and look at offering some life skills for the 5-8 grades. The Makerspace will be an amazing project that I feel will allow all the students to expand on their creativity. Lastly, the preschool program will be a great addition to the school and will allow us to really set our littles up with a strong foundation in the Catholic faith and being followers of Christ.

I thank you for an amazing 2018-2019 school year and making HRS a place where people feel like they are part of a community and family. I look forward to seeing what the 2019-2020 school year brings for all of us.

In Christ-

Mr. Langseth  
Principal
